

Task 2. Lesson 2. Explore and select appropriate resources, media, materials, techniques and processes, reviewing and refining ideas as work develops.

Explore, refine and record the idea.

Fine Art - Develop ideas through drawings and illustration. Aim to explore and refine with any available media. Aim to fill the entire page with evidence of the exploration.

Develop this over an A3 page.

Task 2 continued

Photographers should explore your initial ideas and develop them further. Explore light, filters, composition and subject. Taking the idea forward through a series of images.

Demonstrate your ideas through a sequence of photographs this can be presented as a sequence of slides using Powerpoint or Google slides
