

## **BEHAVIOUR POLICY 2024-25**

Date written: August 2024

Updated:

Date of next review: August 2025

### **Introduction and aim - the [behaviour culture](#)**

Good order and discipline are essential to the provision of a high standard of education. Effective teaching and learning can only take place in a well ordered environment.

Our school manages behaviour extremely well so we can provide a calm, safe and supportive environment which our pupils want to attend and where they can learn and thrive.

Being taught how to behave well and appropriately is vital for all pupils to succeed personally.

We regard 'disruption' as anything that interrupts teaching and learning at an individual or whole class level

The Math prides itself on being a well ordered school. We pay particular attention to the development of self-discipline, responsibility and courtesy. Our School Rules set out the behaviour expectations upon all pupils, they are relatively few in number but are implemented fairly and without favour.

The principle behind our Behaviour Policy is one of reasonableness and common sense, to ensure the safety and well-being of all pupils (including online) and the smooth running of the school.

Sometimes a pupil's behaviour will be unacceptable, falling below the behaviour expectations set out in this policy. Pupils need to understand that there are consequences for their behaviour, and this will involve the use of reasonable and proportionate sanctions, as detailed in this policy.

### **What the law allows**

Teachers can sanction pupils whose conduct falls below the standard which could reasonably be expected of them. This means that if a pupil misbehaves, breaks a rule or fails to follow a reasonable instruction, the teacher can apply a sanction on that pupil, under the provision of Section 91(3) of the Education and Inspections Act 2006.

The school uses detentions as a consequence for behaviour that contravenes this policy and breaches our School Rules. Teachers have the power to issue detention to pupils.

Parents and carers should be aware that parental consent is not required for detentions

Our consequences are designed to promote positive behaviour and create an ethos in which learners feel valued, cared for and safe, including online. We have a separate online safety policy, part of our Child Protection Policy.

## **Behaviour outside of school premises**

Schools have the power to sanction pupils for misbehaviour outside of the school premises to such an extent as is reasonable.

Poor behaviour and bullying which occurs off the school premises or online and which is witnessed by a staff member or reported to the school will be sanctioned if: it could have repercussions for the orderly running of the school, or it poses a threat to another pupil, or it could adversely affect the reputation of the school.

Our behaviour expectations apply in school; while on the journey to or from school; while involved in any school-organised or school-related activity; when wearing school uniform; when in some other way identifiable as a pupil at the school.

## **Isolation/removal**

Removal is where a pupil, for serious disciplinary reasons, is required to spend a limited time out of the classroom and the playground at the instruction of a member of staff. It may be used as a response to serious misbehaviour. Pupils will spend isolation/removal in designated welfare rooms.

## **Off-site direction**

Off-site direction is when the school requires a pupil to attend another education setting to improve their behaviour. Where interventions or targeted support have not been successful in improving a pupil's behaviour, off-site direction may be used to arrange time-limited placements at another mainstream school.

## **Managed Move**

A managed move is used to initiate a process which leads to the transfer of a pupil to another mainstream school permanently, for the purpose of improving behaviour to help prevent fixed or permanent exclusion. Managed moves are voluntary and agreed with all parties involved.

## **Equality and reasonable adjustments**

The school takes full account of our duties under the 2010 Equality Act. Pupils who have an Education, Health and Care Plan or an identified additional need are expected to follow the behaviour policy, and we will make reasonable, appropriate and flexible adjustments for pupils with special educational needs and disabilities. We closely monitor behaviour incidents and outcomes data by protected characteristic to ensure we are fulfilling our duties under the Act.

## **Searching and Screening**

School staff can search a pupil for any item if the pupil agrees.

The Principal and authorised staff are allowed to search pupils or their possessions, without consent, where they have reasonable grounds for suspecting that the pupil may have a prohibited item. School staff can seize any prohibited item found as a result of a search. They can also seize any item they consider harmful or detrimental to school discipline.

Searching will take place in a private place with an adult witness. Students will be invited to empty their blazer, coat pockets and bags.

## **Communication with parents and students**

Our behaviour expectations are shared with parents, when their child joins the school, via the [Home School Agreement](#). This policy is available on our website. The behaviour culture summary is displayed around the school and in Google Classrooms.

**Permanent Exclusion** – will be considered for instances of persistent non-cooperation, physical assault of a member of staff, violent/sexual assault or harassment of another student, involvement with drugs and offensive weapons.

The school regards the following as **very serious misbehaviour**:

- Verbal/physical abuse of staff.
- Child on child sexual violence and sexual harassment, including via mobile phones.
- Conduct that brings the school into disrepute.
- Persistent non-cooperation.
- Carrying an offensive weapon.
- Violent conduct.
- Involvement with illegal substances.
- Bullying – racist, sexist, homophobic/gender-based – in all forms and by all means
- Inappropriate use of the internet (sent and received) that relates to pornography, bullying and language likely to cause offence.
- Smoking on school premises.
- Use of electronic devices, such as mobile phones or Chromebooks, to photograph or record (audio/video) students or staff on the school site, on school trips or school buses.

Involvement in any of the above will be met with serious consequences, including isolation/removal, Saturday detentions, fixed-term and permanent exclusion.

# Behaviour Expectations: School Rules

**The principle behind these rules is one of reasonableness and common sense, to ensure the safety and well-being of all pupils and the smooth running of the school.**

## **Attendance and Punctuality**

- Pupils are expected to be punctual at all times and to ensure that their attendance is registered.
- Pupils are late if they arrive after 8.30am.
- If a pupil is late it is their responsibility to report to Reception / Sixth Form Office to sign the late book.
- Lateness to school will result in a B2L Detention. This will be for 15 minutes. Failure to attend this detention will result in B2 30 Minute detention.
- Persistent lateness will be sanctioned by B2s

## **Bounds**

- Years 7 to 11 are confined to the site during school hours.
- The following areas are out of bounds:
  - The grass spaces in front of the school (with the exception of walking to lessons)
  - The car park in front of the pavilion.
  - Any areas where cars are normally parked.

## **Conduct**

- Pupils are expected to behave in a responsible manner having due regard for the safety and welfare of others.
- At all times they are expected to be courteous, considerate and co-operative.
- Pupils must never act in any manner likely to bring discredit upon themselves or the good reputation of the school.
- It is students' individual responsibility to ensure that all work submitted during the course of their studies is academically honest.
- Pupils are to treat others (students, staff, parents, visitors) as they wish to be treated themselves. Behaviour which stigmatises others or is the result of discrimination will not be tolerated.
- The school has a zero-tolerance policy with respect to illegal substances and weapons.
- These rules on conduct apply in school; while on the journey to or from school; while involved in any school-organised or school-related activity; when wearing school uniform; when in some other way identifiable as a pupil at the school.
- Students must adhere to the two IT Acceptable Use Policies ('general' and 'remote learning'), visible on the website and on each year group Google Classroom.

## **Bullying**

- We will be tireless in preventing all forms of bullying (including cyberbullying, prejudice-based and discriminatory bullying) from occurring.
- The school regards bullying as: 'The repetitive, intentional hurting of one person by another. Bullying can be carried out physically, verbally, emotionally or online'.

- Bullying (including bullying related to race; religion or culture; SEN or disabilities; health conditions or appearance; sexual orientation; sexist or sexual bullying and home circumstances) is wholly unacceptable and will not be tolerated.
- The school strives for the prevention of bullying, rather than the reaction to it. Strategies to achieve this include SLT and teacher supervision in the corridors and dining hall at lunch and break time as well as Prefects on duty around the school. In the classroom, all teachers are vigilant in their prevention of bullying.
- Schools which excel at tackling bullying have created an ethos of good behaviour where pupils treat one another and the school staff with respect because they know that this is the right way to behave. Values of respect for staff and other pupils, an understanding of the value of education, and a clear understanding of how our actions affect others permeate the whole school environment and are reinforced by staff and older pupils who set a good example to the rest.
- We recognise that the way in which pupils relate to one another online can have a significant impact on the culture at school. Negative interactions online can damage the school's culture and can lead to school feeling like an unsafe place.
- Even though the online space differs in many ways, the same standards of behaviour are expected online as apply offline, and everyone should be treated with kindness, respect and dignity.

### **Child on child sexual violence and sexual harassment**

- The safety and welfare of our young people is paramount and we will not accept or tolerate any instances of sexual harassment, or associated behaviours. This applies in school, while on the journey to or from school, while involved in any school activity such as a trip or sports fixture, or while out of school but wearing the uniform, or online.
- We take any allegations or instances of this behaviour extremely seriously and expect and demand that our school is a harassment-free zone.
- Victims can confidentially, comfortably and safely report or disclose any instances of sexual violence or sexual harassment secure in the knowledge that they will be listened to, taken seriously and supported.
- Students can report instances by email to [safeguarding@sjwms.org.uk](mailto:safeguarding@sjwms.org.uk), by email to their Head of Year, by email via any Google Classroom, to their Form Tutor or by visiting the relevant pastoral office.
- The school will not hesitate to apply any relevant and appropriate sanctions or involve other agencies such as children's social care or the Police.

### **Mobile Telephones**

- Mobile phones should remain switched off and must not be used or visible around the school premises.
- This is because we recognise that many children have unlimited and unrestricted access to the internet via mobile phone networks (i.e. 3G, 4G and 5G). This access means some children, whilst at school, have the opportunity to sexually harass their peers via their mobile and smart technology, share indecent images: consensually and non-consensually (often via large chat groups), and view and share pornography and other harmful content.
- Mobile phones, 'smart' phones, tablets or other mobile devices may be used in lessons only at the invitation of the class teacher. No such devices should be used or visible at any other time.
- If pupils make their phones visible, or attempt to use them, during the school day at any time (except in a classroom at the invitation of the teacher), they should be confiscated. The item should be given to the relevant pastoral office (lower, middle, sixth form) who will contact parents. **The phone will only be returned if collected by a parent.**

- Staff are reminded that under no circumstances are pupils permitted to listen to music via a mobile phone or personal music players at any time throughout the school day.

### **Chromebooks**

- Devices must be brought into school every day, fully charged.
- Care should be taken to avoid damage to, or loss of, the device. Causing intentional damage to a device will be viewed very seriously.
- Devices should only be used in lesson time at the invitation of the teacher. They should not be used or visible at break or lunchtime, or in non-classroom areas.
- Devices should not be used to photograph or record (audio/video) any student or staff, or any element of the lesson.
- Students must adhere to the stipulations laid down in the Acceptable Use Policy.

### **Remote Education**

- Our Behaviour Policy still applies to remote learning.
- Chromebooks or other devices should not be used to photograph or record (audio/video) any student or staff, or any element of the lesson.
- For students with a school-issued Chromebook, staff can insist on student cameras being on for all or part of the lesson. Without seeing students, staff cannot check they are working and engaging, and cannot make observations about their appearance, demeanour, dress and surroundings, which are critical from a safeguarding perspective.
- Late arrival to a live lesson is discourteous and disrespectful.
- Staff will require students to submit work periodically but not every lesson.
- Students from other schools should not join live lessons, and SJWMS students should not share the lesson code with non-SJWMS students.

### **Litter**

- Pupils are expected to show concern and take responsibility for the school environment.
- Litter must be placed in the bins provided.

### **Drugs and Offensive Weapons**

The school has a zero-tolerance policy with respect to illegal substances. This applies in school, while on the journey to or from school or while involved in any school activity. Involvement with illegal substances, either through supply, possession or use, is a serious breach of the behaviour policy. As such, pupils who supply, use or possess illegal substances in school, while on the journey to or from school or while involved in any school activity risk permanent exclusion.

The school regards being in possession of an offensive weapon (or replica) to be a serious breach of the behaviour policy. Any pupil who brings an offensive weapon or replica into the school site, or carries one on the journey to or from school, or while involved in any school activity, risks permanent exclusion.

Where necessary, belongings may be searched. This will be in a private place with an adult witness.

## REWARD SYSTEM

### COMMENDATIONS

Commendations can be awarded to pupils in Years 7 to 13. A commendation may be awarded when a pupil provides assistance or makes a commitment above and beyond the expected call of duty, and are available to students in all years. (It is expected that all pupils' behaviour conforms to normal standards and that they will be prepared to assist in a range of activities as a matter of course.)

It is left to the professional judgement of **all** staff, both teaching and support, to judge the worth of the task.

A Prefect Commendation may be awarded to pupils who support the work of School Prefects. Each is worth **1 Merit**

In addition to a normal commendation, pupils may also be awarded a Principal's Commendation'. **This is worth 10 merits.**

### Recording commendations

- a) Commendations are recorded using Bromcom.
- b) Heads of Year will maintain a record of Commendations for the purposes of school reports.
- c) Each commendation is worth **3 merits** and so will contribute towards the House competition.

### MERITS

Merits can be awarded to all pupils. Staff are especially encouraged to give merits in Year 11. A merit may be awarded when:

- a) A pupil's written work (classwork or homework) is of outstanding academic order.  
***N.B.** A piece of work awarded full marks need not automatically qualify for a merit. Evidence would need to be presented to show that the work contained something extra.*
- b) A pupil's practical work is of outstanding quality.
- c) The standard of written/practical work demonstrates that the pupil has made an exceptional effort.

## **Recording Merits**

A subject teacher awards a merit by using the 'achievement' module in Bromcom.

Where a recommendation for a Principal's Commendation please send the details to the Principal's PA.

## **ACHIEVEMENT CERTIFICATES YEARS 7 - 11**

These are awarded three times a year on the basis of information recorded on **Termly School Reports**. Each Report contains the following categories: working at grade, attitude to learning and behaviour.

Gold and Silver – average points in WAG, attitude to learning and behaviour.

Bronze – average points for attitude to learning and behaviour.

Improvers – based on the largest improvement in average points awarded for all categories.

Progress – based on the largest improvement in average points awarded for WAG.

## **ACHIEVEMENT CERTIFICATES YEARS 12 & 13**

A WAG is given, along with indications of attitude to learning and deadlines per subject. Information in these reports will be used for awards.

In addition, each department will be required to nominate a student for a **Subject Award** to recognise those who have made a particular contribution or outstanding progress.

Certificates to recognise success in external examinations will be awarded when appropriate.

An **Attendance Award** will be made at the end of each year to those students who have maintained 100% attendance throughout the year.

## **PROGRESS GRADES**

These are undertaken three or four (Years 11 & 13) times a year and are part of the school's internal monitoring and tracking process. Staff are able to highlight a concern and give an indication of the current level of work. This information is analysed by Heads of Year and appropriate strategies used where concerns or progress give cause for concern.

## **PRIZES**

At the end of each academic year there will be three Prize Giving ceremonies. These are Year 7 Celebration evening, Junior Prize Giving for Years 8 and 9, and Senior Prize Giving for students in Years 10 and above.

Prizes will be awarded for performance in each subject, academic ability, effort, character and sporting endeavour. This will be measured by information drawn from Termly School Reports.

At the time of completion of the End of Year Report the number of merits and commendations awarded to each pupil is recorded. For the purposes of the House Competition, collection ends one week before the end of the Summer term.
